

ARC FLASH WARNING LABELS, SIGNS & TAGS

- Custom printed using heat thermal transfer.
- Industrial Grade Brady Polyester stock labels.
- Signs are printed CMYK direct onto plastic or aluminum & are UV resistant.
- Tags are synthetic (chem./oil resistant) 4"x7" with hole for cable tie or wire tie. Used for oily/dirty locations where labels just won't adhere.
- We will print using your Arc Flash Analysis Data. Send us your data in spreadsheet format (\$250.00 data import fee).
- We can print labels directly from SKM Analysis or EasyPower software (\$250.00 setup fee *may* apply).
- Labels conform to ANSI Z535.4 guidelines.
